**Subject:** CommuteInfo Connections - February 2014

Please help us get the word out to your constituents, customers, employees, co-workers, friends, family members, and social media contacts about carpooling and the advantages to registering carpools with CommuteInfo.

***Carpool 101***

A carpool is two or more people sharing a ride to work or school in one of the participant's privately owned vehicle.

***Find a Match!***

CommuteInfo encourages regional commuters to find their match. The ridesharing program staff maintain a database of people looking to share their rides to work and school, and help people interested in sharing a ride to find their options. Whether public transit, vanpool, carpool, or biking - CommuteInfo can provide a list of options based on each individual's commute.

***Get Rewarded***

In addition to the financial savings carpooling provides, people who register their carpool with CommuteInfo get these additional rewards:

- Coverage for each carpool member under the CommuteInfo Emergency Ride Home service
- Help recruiting new riders
- A complimentary roadside safety kit for the group's main carpooling vehicle

Learn more at [CommuteInfo.org](http://CommuteInfo.org) or by calling 1-888-819-6110.

The Southwestern Pennsylvania Commission's CommuteInfo program is designed to increase the number of people who travel to work or school by transit, carpool, vanpool, or bikepool. CommuteInfo operates the region's carpool and vanpool program. The goal is for commuters living, working, or attending school within the 10-county SPC region (including Allegheny, Armstrong, Beaver, Butler, Fayette, Greene, Indiana, Lawrence, Washington and Westmoreland counties) to choose ridesharing at least twice a week. Over 1,250 commuters a day ride in a CommuteInfo carpool or vanpool.

The CommuteInfo program is coordinated in partnership with transportation management associations, transportation providers, businesses, and non-profit service organizations throughout Southwestern Pennsylvania.
