CommuteInfo Connections - December 2014

Want to spend more on the holidays and less on your commute?

Try our [Commute Cost Calculator](#)

The Commute Cost Calculator allows commuters to compare the money they're spending on their commute versus other modes of transportation. Take a minute and try the calculator and see how your commute compares to transit, carpooling, vanpooling, or driving alone.

Did you know?

Individual Pittsburgh drivers spend an average of 39 hours per year stuck in traffic (According to the 2012 Urban Mobility Report). Want to cut the amount of time you spend on your commute? CommuteInfo can help you figure out the best way to get to work or school. [Register now!](#)

Upcoming Events

If you would like to include Commuteinfo information at your community event or meeting, or if you would like any additional information, please contact Dani Stump at dstump@spcregion.org.

The CommuteInfo Program is designed to increase the number of people who travel to work or school by riding transit, vanpooling, carpooling, or bikepooling.
