CommuteInfo Connections - April 2015

Welcome Johanna

Serving as Outreach Specialist, Johanna Klotz is the most recent addition to the CommuteInfo team! Johanna comes to us with a background in outreach, communications, and customer service in the food retail industry. While helping to connect local farmers with customers in Pittsburgh, Johanna came to appreciate the beauty of Southwestern Pennsylvania and started to understand that like food, transportation is something that touches our lives every day.

Johanna is excited to connect with partners and individuals in the region who are interested in talking about transportation and in learning more about how ridesharing can make a real impact for our region's people, roads, and air.

You will probably see her at an outreach event or meeting soon. But please feel free to contact her now at 412-391-5590 x372 or at JKlotz@spcregion.org.

May is CommuteInfo

Commute Options Awareness Month

CommuteInfo Commute Options Awareness Month starts May 1. May is chosen as this special month because it includes National Transportation Week, National Bike to Work Day, National Employee Health and Fitness Day, and National Clean Air Week. The goal is to further encourage more people regionally to try using an alternative commute for the month, including transit, vanpools, carpools, biking, and/or walking.

If you have any events already scheduled in May, where you might be able to include CommuteInfo materials...just let us know, so we can get you materials and the event included on the calendar. Or if you would like to host a special event just to highlight CommuteInfo month, let us know that as well. [Contact us today.](#)

Upcoming Events

If you would like to include CommuteInfo information at your community event or meeting, or if you would like any additional information, please contact us at CommuteInfo@spreregion.org.

The CommuteInfo Program is designed to increase the number of people who travel to work or school by riding transit, vanpooling, carpooling, or bikepooling.

Transit
Cost-savings Street Smarts Walking
Emergency Ride Home Commuter Choice
Park-n-Ride Facility Inventory Multi Modal
Carpool Vanpool
