

## **CommuteInfo Connections** - May 2012

### ***CommuteInfo Month Continues!***

CommuteInfo Commute Options Awareness Month is a special effort we put forward each year. May is chosen as this special month because it includes National Transportation Week, National Bike to Work Day, National Employee Health and Fitness Day, and National Clean Air Week. The goal is to further encourage more people regionally to try using an alternative commute for the month, including transit, vanpools, carpools, biking, and/or walking.

With May coming to a close, we would like to thank all of our partners who have supported us with various outreach events during the month. We appreciate your support, and look forward to continuing to work with you for a long time to come.

**Additionally, we want to let you know that there is still time for people to take our commuter survey.** The survey is run every May in order to help us gather important data on what people in the region are looking for regarding their commuting options.

The survey can be accessed by going to our webpage at:

[www.CommuteInfo.org](http://www.CommuteInfo.org)

It will be available through the end of May. If possible, take the survey yourself, and let others know about it too!

### ***Upcoming Outreach Events – Invitation to Join Us***

**Finally, there is still an opportunity to participate in a CommuteInfo month event on May 30<sup>th</sup>. Let us know if you are interested in joining us.**

- **May 30 (Noon)** – CommuteInfo Open House, [Carnegie Library of Pittsburgh](#) (Smithfield Street, downtown Pittsburgh)

---

*The CommuteInfo program is designed to increase the number of people who travel to work or school by riding transit, carpooling, vanpooling, or bikepooling.*
