

## CommuteInfo Connections - December 2012

### Thank You for Your Support in 2012!

Dear Friends,

Thank you for the support you have shown for CommuteInfo in 2012. It is because of this support that we are able to continue to help commuters in the region find alternatives to driving alone to work or school. We look forward to continuing to work with all of you during the upcoming new year!

Sincerely,

*Lisa Kay, Rachel and Bob*

### CommuteInfo Continues to Grow

During 2012, the CommuteInfo program experienced 20% growth in vanpool program participation. The number of groups grew from 45 to 54, and the number of participants increased from 539 to 699. When added to the number of people participating in a CommuteInfo carpool, over 1,200 commuters a day participate in a CommuteInfo carpool or vanpool.

### Visit our Partners Forum

Did you know that CommuteInfo has a special place online where program partners can access past newsletters, meeting summaries, clip art, photos and more? Well, we do! The partners forum is a great way to catch up on things you missed, or to get materials that will assist you with your efforts to promote ridesharing.

Go to [CommuteInfo.org](http://CommuteInfo.org). Click the first "-" in the phone number on the top right side of the CommuteInfo on the homepage. When the user name and password box appears, you enter "CommuteInfo" for the user name and "partner\_resources" for the password.
